

How to Schedule a Return

Need help scheduling or returning an order? Learn more about scheduling a return through the app or the website.

Need to Return Something

- The video starts on an online shopping or order page showing previously purchased items. The screen highlights an order that needs to be returned.
- The cursor moves and clicks on the “Return” or “Return Item” option.
- A return request form or window opens up, showing options such as reason for return and refund method.
- The user selects the reason for returning the item (e.g., wrong product, damaged, or not needed).
- The refund option or return method (like pickup or drop-off) is chosen next.
- The cursor clicks “Submit” or “Confirm Return” to proceed.
- A confirmation message appears on the screen indicating that the return request has been successfully placed.
- The final screen shows return status details, such as pickup date or return ID.
- The video ends with background music and the confirmation screen still visible.

- [How to get a refund for a Pay on Delivery order?](#)
- [How to return an electronic device?](#)

1. How to return an item I have ordered?

- Select **Returns and Orders** on the top menu bar.
- Choose the item that you want to return.
- Select **Return / Replacement**. Enter the reason for return and tell us more.
- Select **Continue**.
- Follow the on-screen instructions. Choose the preferred date from the available options.
- For refunds, you can choose to receive the amount either as an Amazon Pay balance or directly to your bank account. To receive a refund to your bank account, please ensure your bank details are added. Visit the help page [Manage Bank Account for Refunds](#) to know more.

Refer to the below steps on creating a successful return pick-up:

- Ensure the item is in original condition.
- Include MRP Tag, use manual, warranty card and accessories.
- Add a return label if courier requires it
- Click on Return Center.

2. Do I need to print any return documentation?

No, you do not need to print any documents.

3. How long does it take to process a refund after the item has reached Amazon?

A refund request will be initiated for your order when the returned package is received by Amazon.

To check the status of your refund, select the relevant order and select **View Return / Refund Status**.

[Your Orders](#)

4. How to get a refund for a Pay on Delivery order?

You can choose a refund to Amazon Pay balance or through NEFT to Bank Account. For NEFT to Bank Account, you'll need to add a bank account for refund.

5. How to return an electronic device?

If your return electronic device stores any personal information, please ensure that you have removed all such personal information from the device prior to returning. Amazon shall not responsible for any misuse or usage of such information.

Note: To know what qualifies as damaged or defective products, visit the help page [Damaged or Defective Item](#).
